PRICE ONE CENT

TEN TENAMENTS GUTTED BY FIRE

Defective Flue Thought to
Have Been Responsible
For Blaze

THREE IN ROW ESCAPE

Occupants Driven Into Streets—Save
Most of Their Effects—Loss Covered
by Insurance.

Fire at 11 o'clock yesterday morning badly damaged ten two-story frame tenant houses on the west side of Alfred between Wolfe and Wilkes streets, occupied by colored tenants. The damaged houses were numbered 401 to 419 South Alfred street inclusive.

The fire originated in house 405 occupied by Sarah Brown, and soon spread to the two adjoining houses, 403 and 401 on the north and houses 407 to 419 on the south side. A total of thirteen houses are in the row and three at the south end escaped.

There is no fire wall between the houses and the fire worked its way under the metallic roofs and the houses not damaged, by the fire were flooded with water, rendering all ten uninhabitable.

Occupants of the houses assisted by neighbors and others quickly moved most of their effects into the streets and most of the families had to seek temporary quarters elsewhere. A defective flue is thought to have caused the blaze according to occupants of the house where the fire originated.

In addition to Sarah Brown, other occupants of the damaged houses included Frances Swan, Martha Davis, Bud Brown, William Washington, Emma Pye, Marie Cross, Lucy Jackson, Ellis Holland, Delilah Reynolds.

The houses are owned by Bruce Downey, of North Carolina, a former resident of this city, and the loss, which it is thought will be several thousand dollars, is covered by insurance.

KILLED HIS WIFE

Strangler of Woman is Last Seen on
His Way to Capital

Baltimore, Nov. 10.—Police of this city late last night directed their search to Washington for a man known as John Apple, whose wife was found strangled to death by a belt in a housekeeping apartment at 408 South Hanover street Saturday.

The body, almost nude, was found. A ribbon of serge, torn from the belt of a woman's coat, was knotted peculiarly about the throat of the corpse. The woman lay across the bed in an attitude of repose, and partly covered by the counterpane. From the condition of the body, it was judged that the woman had been dead not more than 10 hours.

Beside the body was discovered a crumpled note, ostensibly written by the missing man, which, in effect, accused Mrs. Apple of infidelity.

SOUTHERN METHODIST RE- VIVAL

The revival services will continue at the Southern Methodist Church, South Washington street, near King street, this week.

Song service at 7:45; preaching at 8 o'clock. There have been a number of conversions and the interest is deepening. Come, we want you.

MASONIC NOTICE

There will be a joint communication of Alexandria-Washington Lodge and Andrew Jackson Lodge held at Masonic Temple, Thursday evening, November 13th, at 7:30 o'clock to receive the Grand Master of Masons in Virginia, and the other officers of the Grand Lodge.

All Master Masons in good standing are invited to be present on this occasion.

Immediately after the formal reception to the grand officers, the meeting will adjourn to the Opera House for an evening's entertainment to which all Master Masons and their lady friends are invited.

Let us have a large gathering of ladies on this occasion.

U. OF N. TO ORGANIZE CLUB

Former Athletes of Diamond and
Gridiron to Meet Nov. 15.—Sev-
eral From Alexandria.

Charlottesville, Va., Nov. 10.—Fifty years ago college athletics gained its first foothold in the South at the University of Virginia. The "stars" of diamond and gridiron of 1870 are today our foremost citizens in professional life.

On the day of the Virginia-Vanderbilt game at Charlottesville November 15, a "V" Club will be organized including in its membership all of the 500 living wearers of the "V".

Local members of the "V" Club, and the major sport in which they won their "letters", are:

Archie R. Hoxton, E. H. S. Alexandria, Va. quarter 1896 football team, 3rd base 1897 baseball team.

Wm. P. Richardson, R. F. D. Alexandria, right field 1911 baseball team.

Richard P. Williams, jr., E. H. S. Alexandria, Va., executive committee athletic association, 1907-1908.

SECOND WEEK OF BAZAAR

The second week of the bazaar at the Lyceum Hall on Duke street, under the auspices of the congregation of St. Mary's Catholic Church, will open tonight. The bazaar will be continued throughout the week.

All of the handsome and valuable articles on sale, and on which voices are being taken will be disposed of this week.

A cordial invitation is extended all who have not patronized the bazaar to attend this week.

WOULD BOOST GAS PRICE

Fight in Danville Over Municipal
Commodity Rates

Danville, Va., Nov. 10.—The opening gun has been fired here in the fight for an increase in the cost of gas and electric light, two commodities manufactured by municipally owned plants, and the only two items of household expense which have not gone up in price in five years. One faction in the City Council claims that in the electric light department there has been a deficit for the last two years. The other claims that the figures have been misrepresented.

Gas in Danville costs \$1 per 1,000 cubic feet. Electric light costs domestic users eight cents a kilowatt. Commercial users get a six-cent rate after the first 300 kilowatts. Frank Talbot, superintendent of public works, is opposing the increase on the ground that it is not necessary.

THE BAPTIST DRIVE

Reports Give High Hopes of Victory
in Seventy-Five Million
Campaign

(Special to the Gazette)

Richmond, Va., Nov. 10.—Reports which have come to the headquarters of the Baptist 75 million campaign give reason for high hopes of victory. From the mountains to the sea the churches are girding themselves for the final week in which the pledges are to be obtained. Hundreds of choice young people have recently volunteered for vocational service as ministers, missionaries and teachers.

The State Mission Board will report to the General Association at Lynchburg November 18 the largest gifts for the support of mission work in Virginia in the history of the board. All obligations have been met, and because of cash contributions counted in the campaign there will be reported \$25,000 surplus for the year. Virginia's share in the campaign is seven millions, and every church seems to be determined to go over the top. As a result of the raising of seven million in Virginia every denominational interest will enter upon a new era. With the opening of the year more than a million five hundred thousand goes to the Christian schools and one million dollars will be spent in the development of mission churches and Sunday School work in the state alone.

INDUSTRIAL WAR IS PROCLAIMED

American Federation of La-
bor Backs Miners in
Their Strike

SUPPORT IS PLEDGED

Action of Judge Anderson Declared by
Organization Subversive of Ameri-
can Liberty and Unjustified.

Industrial war was declared last night by the American Federation of Labor.

After an all-day conference the Executive Council of the Federation issued endorsement of the miners' strike and pledged it the full support of the organization.

It assailed the use of the injunction as obtained by the Government in the Indianapolis Federal Court, of Judge A. B. Anderson, declared it subversive of American liberty and wholly unjustified.

The action of the Federation completes the break between that organization and the present administration of the Government, and is looked upon as contemplating a long drawn out strike between the miners and the Government.

The part which the Federation of Labor will take in the struggle has been undetermined except as indicated by its pledge of moral and financial support.

Action by the Federation indicates that Samuel Gompers, president of the American Federation, with his back to the wall, has decided to go with the current in organized labor and has failed to resist the radical element within it.

The injunction against strikers was declared in the statement to be unwarranted and without a parallel in history. The miners' strike is justified, the American Federation of Labor affirms, and the interference of the government in the dispute between the mine workers and operators was characterized as "an injustice which not only the workers, but all liberty loving Americans will repudiate and demand redress."

The statement came late last night after the Executive Council of the Federation of Labor had assembled on the hasty summons of President Gompers to pass upon the Indianapolis injunction.

MEETS DEATH IN FALL

Investigation Shows New Philadel-
phia Man Completely
Intoxicated

Pottsville, Pa., Nov. 10.—Under prohibition regulations cider may be temporarily sold by farmers regardless of its alcoholic strength. Yesterday Paul Hotus, of New Philadelphia, who drank two gallons of cider, which he bought from a farmer Saturday, fell headlong down the stairs at the home of Mrs. Mary Wilkes, where he boarded. His skull was fractured and he was hurried to the Pottsville Hospital, where he soon died.

Investigation by Deputy Coroner Henry Dierschdel showed that the man drank the two gallons of cider within two hours. He was completely intoxicated and it was while trying to play with a baby that he plunged down the stairs.

VOTE TO END STRIKE

Longshoremen at New Orleans Say
They Will Return to Work
Early Today

New Orleans, Nov. 10.—The longshoremen's strike has been broken temporarily, according to the announcement from union leaders yesterday that the strikers had voted by 200 majority to return to work Monday pending the award of the national adjustment commission, but reserving the right to vote later on the acceptance of the award.

CENSURE INJUNCTION

Federal Judge's Ruling Held as Vi-
olation of Civil and Constitu-
tional Rights

Resolutions were passed yesterday at a mass-meeting of Richmond union men at the John Marshall High School condemning the action of the United States Department of Justice in securing injunctions against the striking coal miners of the United Mine Workers of America. The resolution declared the action to be unconstitutional and a violation of the Bill of Rights of practically every state in the Union.

Not a dissenting vote was cast against the resolution.

Howard T. Colvin, president of the Southeastern Federation of Railway Clerks, formerly of Alexandria, was among the speakers.

D. A. R. WILL HOLD STATE MEETING

Alexandria Chosen For Con-
ference November
18 and 19

PROGRAM PREPARED

State Regent Mrs. Kate Waller Bar-
rett Will Entertain Delegates Nov.
18—Sessions Nov. 19 in Washington

The Executive Committee meeting of the Daughters of the American Revolution held in Wytheville, Va., Sept. 25th, unanimously voted to hold the State Conference in Alexandria, November 18th, and 19th. This action was taken because of the need of the Daughters getting in close touch with the big national movements of reconstruction period so that their work might be in close harmony with the needs of the hour.

An interesting and instructive program has been arranged. The sessions of the 18th, will be devoted to considering state problems. The afternoon session on that day will be addressed by Colonel Keiley, who has charge of the historical record of the War work done in Virginia. Alexandria's notable contribution to this work should have ample recognition in the permanent records that will be handed down in history.

Colonel Brumfield of the national and public health service will tell of the great program that the state is carrying forward with national help. The fact that Alexandria has given so generously to the establishment of a public health service for the first time in its history makes this program of especial interest.

In the evening a reception will be tendered the guests by the State Regent, Mrs. Kate Waller Barrett.

All the sessions of the 19th will be held in Washington. Mrs. Benjamin Purcell, National Vice-President General, has charge of these arrangements. The sessions will be held in Memorial Hall, with a tea in honor of the visiting delegates. At night a public session will be held at the Army Club, 1314 Massachusetts Avenue, under the auspices of the War Camp Community Service.

TWO BADLY INJURED

Automobile Leaps Over Daville Curb
and Runs Down Two Pedes-
trians on Sidewalk

Danville, Va., Nov. 10.—S. D. Richmond, train dispatcher for the Danville and Western Railway, is in the general hospital in a critical condition, and Rufus Wise, a colored hospital orderly, is there also in a serious condition, as the result of being run over Friday night at the corner of Jefferson and Main streets by an automobile driven by S. R. Clarke.

While turning the corner the car went beyond control, and ran over the sidewalk, crashing into the lawn of a house and knocking down the two men, who were walking down the street. Clarke has been arrested, and is under heavy bond.

RED CROSS CAM- PAIGN NEARS CLOSE

More Than 1000 Member-
ships Obtained by
Canvassers

TO FINISH TOMORROW

Considering The Fact That There Has
Been Many Drives Here Result Is
Regarded as Satisfactory

More than 1,000 members had been enrolled in the Red Cross up to noon Saturday. The drive will not end until tomorrow evening, although practically all work in connection with the canvass for members has about been completed.

J. T. Preston, chairman of the local committee, stated today that the foregoing number will be considerably increased when complete returns are checked up.

This afternoon a committee of women went to Camp Humphreys in the interest of the work and as a result many new members will be added.

The result of the canvass has been highly satisfactory in view of the fact that there have been so many drives, made recently in this city. It, therefore, was not expected that the membership this year would be as great as it was last year.

If you have not already joined do so now. Dues are only a dollar a year.

Relief in Disaster

Since 1900 disasters of peace have cost thousands of lives and brought personal injury and property losses to approximately 1,500,000 persons and at the same time have destroyed property valued at more than \$1,000,000,000.

This is one of the facts emphasized by the American Red Cross in its campaign for funds for its peace-time program during the nine days from November 2 to 11. It is going to undertake preparedness for disaster relief on a scale never before possible. In 1917, for instance, here were some of the peace activities of the Red Cross:

Eighty disasters, 62 tornadoes, 5 floods, 4 great fires, 2 earthquakes, 2 serious mine explosions, 2 munition plant explosions, a race riot, a shipwreck and the tragic calamity which befell Halifax, Nova Scotia. The total of deaths entailed was 1,758; 5,927 persons were injured and property losses aggregated \$110,000,000.

NEW CURE FOR CANCER

Transfusion of Blood is Said by Paris
Physician to Produce Desired
Effect

Paris, Nov. 10.—A positive cure for cancer or other organic affections by transfusion of the patient's own blood from the veins of the forearm to the muscles in the back of the part affected has been discovered by Dr. Ferreyrolles, a member of the Academy of Medicine. It is announced that several cures have already been effected. The method of treatment consists of three injections of four cubic inches of blood each fortnight at intervals this to be repeated if necessary three months later. Great improvement is reported in even the most advanced cases.

CHURCH OFFICERS ELECTED

At a congregational meeting of the Second Presbyterian Church held yesterday morning the salary of the pastor, Rev. Dr. John Lee Allison, was substantially increased and the following officers were elected: W. H. Melchior, D. R. Stansbury and L. H. Thompson, elders; Warren Woody, W. E. Swan, Alfred Thomson, Wilmer Scott and Arthur Warfield, deacons.

WRITES ON HEALTH

Sixth Grade Pupil in Mt. Vernon
School Tells of Movement in
Alexandria County

Maynard Long, a pupil in the sixth grade, Mount Vernon School, Alexandria county, has submitted the following letter regarding the health department recently organized among the pupils in that school; he being chosen chief of the department for the sixth grade: "On October 17 Mrs. Rudasill the county school nurse came to Mount Vernon School and organized the health department. There was an officer chosen for each room and a chief for the school.

The first week everything went fine, nearly all of the children played the game of health.

Three teachers accompanied by the children attended a recent meeting in the interest of health held at the courthouse at which time talks were made by Dr. Flanagan, state department of health and Dr. Cox, both of whom spoke on how to improve health.

SWEEPING INVESTIGATION

Congress Will Probe Failure to Send
Out of United States Undesirable
Aliens

A sweeping congressional investigation of the failure of the Department of Labor to send out of the United States the large number of undesirable aliens who have been ordered deported will be started during the coming recess of Congress.

This announcement was made yesterday by Representative Albert Johnson, Republican, of Washington, chairman of the House Immigration Committee, which will conduct the inquiry. The committee unanimously voted to report out a resolution by Representative Siegel, Republican, of New York, asking the House for authority to sit in Washington or elsewhere during the recess, which now is scheduled to begin November 20.

WILL NOT GIVE UP EMPEROR

Dutch Government Considers Form-
er Kaiser and Crown Prince
Entitled to Refuge

The Hague, Nov. 10.—Former Emperor William came to Holland a year ago today. During this time there has been no demand, official or unofficial, for his extradition or delivery to the Allies, nor has Holland changed its viewpoint toward him.

It is learned that Holland's viewpoint as regards William Hohenzollern may be stated frankly as follows: The Netherlands, which for centuries has accorded political refuge to all, considers the former Emperor and Crown Prince as refugees—not as royalty, but as persons entitled to the same rights as any plain Johann Schmidt who fled to Holland during the war. This principle is so strongly held by the Government, and also by the press of Holland, that nothing is likely to change it, it is asserted.

TERRORISM IN CORK

Several Shots Are Fired and Police
Flee for Their Lives

Cork, Nov. 10.—Scenes of terrorism were witnessed here last night when soldiers of the English Shropshire regiment turned out and tried to wipe up civilians. They marched through the streets shouting, "to—with the Sinn Fein" Battles with civilians ensued.

Armored cars turned out and their appearance seemed to fire the soldiers to redoubled fervor. The whole armed regiment, armed with rifles and revolvers, attacked civilians, smashed shops and instituted a general reign of terror.

Several shots were fired and when a couple of policemen were injured the rest of the police fled for their lives.

WORK OF VANDALS

The people of Rosemont, now a part of the city of Alexandria, are justly indignant at outrages committed in that beautiful section of our city by persons whose habitations should be in cattle cars. The next station erected at North Rosemont several years ago is being gradually wrecked. In the meantime it is being used in the most filthy manner. Winter is now approaching, and while the bleak winds blow and snow is falling passengers for the electric cars will be forced to remain out of doors until trains arrive. Every sash in the window has been smashed by vandals—said to be boys whose parents allow them to catrifle for playthings—while the interior is no longer in a sanitary condition for a waiting room, as filth is accumulating on the floor.

Strangers coming to Alexandria on electric trains gaze upon the broken windows and other evidences of vandalism, and naturally ask: Why is it thus?

While Rosemont was part of Alexandria county a watchman was employed to patrol the entire area. He made the stations at the north and southern ends especial objects of his care, and they were always neat and clean. It is not so now, but the small and neat structure at the north is at present a place to be avoided.

Police of this city walk over this locality daily, and do all they can to afford protection to residents of that section, but they cannot remain in one place all the time being compelled to visit other localities during their respective "tricks." In their absence the vandals get in their work.

As stated above, the people of Rosemont are incensed, and it is said substantial rewards are to be offered for the arrest and conviction of the perpetrators of the outrage referred to.

COLUMBIA AWAKE AT LAST

The action of Judge Anderson, an Indianapolis yesterday in demanding the cancellation of the order issued to about half a million miners to strike following the movement of the United States authorities in rounding up red terrorists in different cities is being read with inexpressible satisfaction by all who believe in law and order.

The drastic action of the government has caused a declaration of industrial war by the American Federation of Labor, and this may precipitate serious trouble throughout the land.

The leaders of the miners may rescind the strike order under which work was discontinued, and will obey the command of the Federal Court, although such a course is by no means assured. To assume anything else is to believe that they are willing to challenge the Government's war power.

As an exchange says, "Judge Anderson's decision is based not on ordinary principles of law, but on particular authority granted to the Government for the war period. The saloons of the country have been closed under a similar enactment. If the miners should refuse to obey the court's order they would not be simply in contempt of court but in contempt of the Government. It is a question not of their general right to strike, but of their right to violate the wartime Food and Fuel Control act, which is still in force. Such refusal to obey the law would be analogous to the refusal of saloon keepers to obey the wartime prohibition act. And those who feel that their rights have been invaded by wartime prohibition are to be counted by millions, and not by hundreds of thousands."

PLANETS AND THE SUN

In these perilous times many self-styled prophets are appearing, and causing distress among the excitable. In 1881 the major planets were in perihelion (nearest ap-

proach to the sun), and some of the most able astronomers of the world, among them Doctor Piazzi Smith, Royal Astronomer of Scotland, imagined they saw direful conditions coming. The doctor wrote a book in which his suggestions made many believe the end of the age was imminent. But the year 1881 passed away as had its predecessor, nothing outside the ordinary having been recorded.

Another astronomical scare is now on, and the words of the Son of Man in foretelling his second advent are being quoted here and there. They are: "And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring."

According to forecasts printed yesterday, December 17 of the present year is to be a fateful day.

For the first time in the history of astronomy six of the principal planets of the solar system will be aligned on one side of the sun, with in 26 degrees of a straight line, on that day. The earth, which is not included in this group, will be in a position of almost 90 degrees from its base line.

Only one planet of the system will be situated diametrically opposite the others.

What the result of the concentrated electro-magnetism of the six planets will be upon the sun is a matter of great speculation among astronomers, but the general opinion is that there will result a new sun spot, or in other words, a volcanic eruption on the fiery sphere.

The earth being directly in the path of this possible disturbance, stands a chance of experiencing an upheaval in weather conditions which will mean rain and electrical storms, followed by intense cold.

The overbalance caused by the alignment of the six planets, Mercury, Venus, Mars, Jupiter, Saturn and Neptune, is calculated to exert powerful magnetic influence upon the sun. Some scientists claim that the resultant eruptions in the sun's surface will cause a sun spot sufficiently large to be visible to the naked eye.

A professor says the queer league of planets will cause tremendous explosions on the sun and that the solar upheaval will cause storms, eruptions and fearful cold on the earth and that normal conditions could not follow in less than several weeks.

Think it over while the miners are still on a strike!

WILL NOT BE COERCED.

The country may suffer serious losses because of this paralysis of the soft coal mines, incident to the prevailing strike, but it will not allow itself to be coerced by any body organized sand-baggers. Other bodies of labor finding themselves out of work because of a fuel famine will resent the insanity of the miners as much as will other citizens, and before the strike is much older, if it lasts that long, the fine workers will find a great nation arrayed solidly against them.

No strike totally bereft of public sympathy ever succeeded and this strike is fated to fail first, because it is nothing more or less than a criminal conspiracy to "shake down" the American people, and, next, because its victims have both the strength and the determination to defeat it.—Richmond Times-Dispatch.

CHARGE AGAINST MINISTER

plit up Wedding Fees, Is Testimony At Cumberland

Cumberland, Md., Nov. 10.—Ministers and members of the Cumberland police force were dragged into the hearing of the assault charge brought by George Melberth against William T. Twigg, both taxi drivers, which was taken up before Magistrate Hummel Saturday. Owing to the absence of several witnesses the case was continued until next week. Melberth charged Twigg with striking him following a quarrel over a wedding couple.

During the taking of the testimony the attorneys went back several weeks before the assault was made to show the rivalry that existed between the taxi drivers of the city in their efforts to secure wedding couples coming here, with the result that the star witnesses for the plaintiff and defense told of receiving part of the fee paid ministers for performing the ceremony.

It was established that Melberth and Twigg have understandings with various ministers to share in the fee paid in the event the couple is piloted about the city for \$1 or less. Twigg said he had made arrangements with the minister whom he met on Baltimore Street. He said the clergyman told him he did not encourage such tactics, but if he brought him any wedding couple he would "treat him right."

Twigg also told of taking a crippled soldier to another minister and of receiving \$5 as his share of the fee. He said the soldier had but \$12 when he applied for a license, and after paying \$1 to the Clerk of the Court he had out \$11 when he went to the minister. The minister took \$10, Twigg said, he remained on the porch while the ceremony was being performed. After it was over the minister called him inside after the couple had been shown out and, according to Twigg, he said: "Don't let me hear of you again. If I could get you \$10, and if I were you I would not charge anything for hauling them around. Here is \$5 for you."

Evidence was given to show that a member of the police force had looked up Melberth and told him of a couple at the Terminal Hotel who wanted to be married. Twigg said he had taken the couple there for the evening with the understanding that he was to call for them the next morning at 9:30 o'clock to take them to a minister. Twigg said Melberth had been in the habit of taking couples away from him and he was tired of it, some of the captured mash for \$50.

DRY AGENTS ARE INDICTED

Oliver and Chase Charged With Selling Liquor at Lawrenceville After Raid There

Prohibition Commissioner J. Sidney Peters has been notified of the indictment of Prohibition Inspectors J. J. Oliver and Leo Chase at Lawrenceville, Brunswick county, on charges of violations of the State prohibition laws.

Both of the inspectors, left immediately for Lawrenceville, and will give themselves up to the authorities at once. According to information received at prohibition headquarters, the testimony of two men caused the indictments to be returned. The prohibition inspectors destroyed a large still and fifty-one barrels of mash near the North Carolina border some time ago, and the testimony made before the grand jury is said to be to the effect that the inspectors sold

CUT IT IN HALF

Your family shoe bill for the year can be cut in half, and more. A good way to prove this is to keep account of how long a pair of shoes lasts after we have repaired them for you. If they last as long as, or longer than, the new pair, you can easily figure the savings. It's a big item, believe us!

WITNESS TO BE TRIED

Chauffeur for Accused Prohibition Inspector Accused of Killing His Wife

Winchester, Va., Nov. 8.—When the case of the commonwealth against Joseph S. Williams, charged with killing his young wife, is called in court in Richmond on November 25, it is expected that his attorneys will urge a postponement. A motion to this effect was granted a day or two ago, owing to the impossibility of obtaining the presence of witnesses, who, his attorneys said, were of the utmost importance to their side of the case. As a matter of fact, it is expected that postponements will be urged in behalf of Williams until after the first of the year. Williams is the chauffeur who figured as the principal defense witness at the trial recently at Manassas of W. C. Hall, state prohibition inspector, and the latter's deputies, charged with the murder of Raymond Shackelford and Lawrence Hudson, alleged bootleggers, on the night of March 25, near Fisher Hill, Va. Williams was the chauffeur in charge of the officers' car the night the Valley pike tragedy was enacted. Attorney L. O. Wendenburg, of Richmond, who is counsel for Hall and his deputies, is also counsel for Williams in the wife-killing trial. It is stated that if Williams is tried now and convicted of killing his wife he will be unable to testify at the next trial of Hall, which is to be called before Judge Brent, in the Circuit Court at Prince William county, at Manassas, on Monday, December 29. Mr. Wendenburg has stated that Williams is the "only disinterested witness in the case" at Manassas.

The case against Hall and his three deputies, all indicted for the murder of the two blockade runners, was removed from Shenandoah county, in which the tragedy occurred because of the defense believing a fair trial was not possible, owing to intense hostility against the prohibition agents, and the trial was held at Manassas. It resulted in a hung jury in Hall's case.

WOMEN BURN TO DEATH

Negro Child Tells Story of Tragedy At Danville, Va.

Danville, Va., Nov. 10.—Authorities of Pittsylvania county have undertaken an investigation to shed further light on the death of Mrs. Queenie Anne Bennett, aged 72, and Mrs. Mollie Radford, 68, widows, who were found burned to death in the yard of their home at Toshes, several miles from Danville. A coroner's inquest returned a verdict to the effect that the women died as the result of an accident, but the persistent demand that the case be viewed from other angles has been met by the county sheriff.

The only eye witness to the tragedy was a 10-year-old negro, who has told several conflicting stories. This girl was employed as a maid by the widows, who had been companions for years. The little girl told her parents that the women had hurried to death, stating that Mrs. Bennett, while stooping in front of an open fire, caught fire, her hair igniting. She ran from the house, followed by Mrs. Radford, who tried to smother the flames, according to the child. She, too, caught fire, and the negro, alarmed at their screams, left them staggering about the yard in flames. When neighbors hastened to the home both women were lying dead, their clothes burned off and parts of their bodies burned to a crisp.

The conflicting stories of the child have placed her under suspicion.

LABOR HEADS SURPRISED

A. F. of L. May Refuse to Meet Farmers

Washington, Nov. 10.—American Federation of Labor officials expressed surprise yesterday at the action of officials of the Farmers' National Union in calling a conference of farmers and wage earners in Chicago November 21-22.

Federation officials said they could see no reason for the proposed conference in view of the call issued for a conference here December 13 of chiefs of labor unions and leaders of farm organizations. They indicated that the American Federation of Labor would refuse official recognition of the Chicago meeting.

NEGROES SHOOT POLICEMAN

Officer at Norfolk Succumbs In Arresting Two, However

Norfolk, Va., Nov. 10.—While attempting to arrest three negroes who had broken into the store of M. Ford, on Cottage Hill road, William Carmine, a Norfolk policeman, was shot and painfully wounded Saturday night.

The officer's arm was broken by a bullet fired by one of the desperados, but despite his injury, with the assistance of former County Officer Charles Hays, he shot down two of the negroes. The third escaped.

Willie Bendon, of Richmond, was taken to St. Vincent's Hospital, being wounded in the stomach, and it is thought he will die. Frank McClain, said to be of Baltimore, was shot in the leg. He is not seriously injured. Both negroes are charged with breaking into the store and wounding the officer.

The store had been robbed one week previous and the officers had been placed on guard.

LOSSES AGGREGATE 729,000

Of This Number 329,000 Under all Flags Were Killed—War's Death Toll Grows

Paris, Nov. 10.—The bloodiest battle of the great war was the battle of the Marne. Official figures just compiled show the losses were:

Dead, 329,000; wounded, 400,000. Total, 729,000.

This means that this one battle cost nearly three quarters of a million put out of the fighting. The figures include, of course, the losses on both sides.

France's death roll of war wounded is growing at an appalling rate. At the various military hospitals alone, 28,000 soldiers and 600 officers have died since the armistice from wounds and the effects of poison gas, not counting the thousands who have died or are dying at private homes.

FATAL BLAST IN BELGIUM

Ten Lost in Explosion in Ammunition Dump

Namur, Belgium, Nov. 10.—A large ammunition dump near Fort Diave blew up early yesterday morning. Only four of the 14 British sentries on duty answered the roll call today. It is feared that the others were killed.

Explosions continually are taking place among remnants of the dump. The cause of the main explosion has not been ascertained.

BIGAMIST'S STORY

Admits Marrying Girl to Get Automobile in Order to Operate It

Ulrich, N. Y., Nov. 10.—Guilty, but with extenuating circumstances was the plea entered by John Schuster, a machinist, charged with bigamy, before Judge Hazard here. Judge Hazard declared the case the strangest he had ever heard.

This, in effect, is Schuster's story: He had a wife and five children to support. Having to abandon indoor work upon a doctor's order and being out of a job, he made love to and married Miss Anna Foote, of Herkimer, who gave him money to buy an automobile, with which he earned money enough to support his wife and children in one establishment and wife No. 2 in another.

Neither of the two women wanted to press the charge, and Schuster was freed under supervision of a probation officer.

\$1,000,000 OIL FIELD FIRE

Large Part of Texas City Destroyed by Flames

Wichita Falls, Texas, Nov. 10.—One gale was killed, a number incurred minor burns and a loss which will exceed \$1,000,000 resulted from an oil fire which swept 80 acres of proven oil territory on the outskirts of Waggoner City and destroyed a large part of that town yesterday.

Accrue in this field is owned by many Eastern concerns. The fire occurred when lightning struck an oil tank.

When the tank exploded a wave

of burning oil rode down the surface of the rain covered streets, setting fire to every thing with which it came into contact.

The bulk of the business section of the town was destroyed, according to reports received here. Waggoner City has no telephone or railroad communication, and details of the fire and losses are meager.

Waggoner City is said to be the largest unincorporated town in the country, and the large number of oil wells in the immediate vicinity make it one of the most congested districts of the kind in the country.

POPE RECEIVES GERMAN

First Audience Granted to Representative of Central Powers Since War Began
 Rome, Nov. 10.—For the first time since the declaration of the world war, Pope Benedict Saturday officially received in private audience a representative of the Central Powers, Baron Johann von Gotsattel, secretary of the Bavarian Legation, who has arrived in Rome to prepare for the return of the Bavarian Minister.

Diplomatic relations were not interrupted between the Vatican and Bavaria during the war. The Nuncio remained in Munich, while the Bavarian Minister accredited to the Holy See resided in Switzerland. The indirect relations with Bavaria, which the Vatican maintained through the use of the diplomatic mail pouch always were respected by the Italian Government.

The Pope and Cardinal Gasparri, the Papal Secretary of State, during the day received Monsignor Aloisi Masella, who has just returned from Lisbon, where he was stationed during the revolution, remaining there until the resumption of diplomatic relations between Portugal and the Holy See.

Both the Pope and Cardinal Gasparri conversed at length with Monsignor Masella about the important questions he will have to solve in his new post as Nuncio to Chile, to which country he will proceed after a rest here.

GASOLINE TANK EXPLODES

Ida Rene Dillard Victim of Accident and Mother is Seriously Burned

Richmond, Nov. 11.—Ida Rene Dillard, three year old daughter of L. Dillard, of 1909 Powhatan street, is dead and her mother is in a serious condition at St. Elizabeth's Hospital as result of burns sustained Saturday night at seven o'clock, when the gasoline tank of their automobile exploded.

Dillard had stopped his car on Belvidere street, between Broad and Grace Streets, and was filling his tank with gasoline when his wife brought a light near the tank to see how much gasoline it contained. The tank immediately exploded, and the car went into flames, completely demolishing the automobile.

Dillard escaped unhurt, but his wife, Mrs. Rennie Dillard, and the little child, were caught in the flames, the daughter's burns proving fatal. It was stated at the hospital last night that the condition of the mother was serious.

PHILIP WHITLOCK DIES

Retired Tobacco Manufacturer and Capitalist Succumbs at Age of Eighty-One

Philip Whitlock, retired tobacco manufacturer and capitalist of Richmond, died Saturday night at his home, 205 East Grace street, at the age of eighty-one years. He had been in failing health for two or three months.

Mr. Whitlock was born in Germany, March 14, 1838. He was of Jewish parentage. He came to America at the age of sixteen years, and settled in Richmond.

He enlisted in the Confederate army at the outbreak of the War Between the States and served throughout the war. He was one of those who was present, as a member of the Richmond Grays, at the hanging of John Brown.

STREET CARS VANISH

Spirited Away from Toledo, Ohio, Without Notice in a Night
 Toledo, Ohio, Nov. 10.—Car riders who last Tuesday voted for an ouster ordering the street cars from the streets because they were paying 6 and 8 cents to travel to and from their work, yesterday were paying from 10 to 16 cents in automobile buses, of which there was an abundance.

The Toledo Railway and Light Company began Saturday midnight to spirit the cars out of the city until not a vehicle with wheels under it was left within the jurisdiction of the city officials who were responsible for the ouster ordinance passed last June being submitted to the people.

Mayor Cornell Schreiber himself introduced the ordinance when the company increased the fares from 6 to 6 cents and 2 cents for a transfer, to take care of an increase in carmen's wages.

The cars were removed without notice to public and city officials alike. All were taken into Michigan and stored on sidetracks. The action was taken immediately after official notification was given the company by the board of elections that the ouster ordinance had been approved by the voters.

Officials of the street car company, gave it out tonight that cars are not to be operated here "until a permanent settlement has been reached or is assured." All interurban cars are being turned back at the city limits.

LOAFERS IN WINCHESTER

Word Has Gone Out That Winter Squatters Must Keep Moving or Boak Rocks.

Winchester, Nov. 11.—The police authorities have served notice on numerous individuals from other sections of Virginia, and even from Baltimore and Washington, who have settled in Winchester for the winter, expecting to be cared for by charitable agencies, that they must give a good account of themselves, or go to the poorhouse or rock pile. Indigent persons have acquired the habit of "squatting" here for several winters, and a number of familiar faces seen on the streets today led the police to act. The word had gone forth in some manner that Winchester was "easy pickings" in the line of being cared for. A Baltimore woman with 7 children wrote to the authorities, asking that she be listed for regular rations this winter. A Virginia woman wrote that a county official had advised her to "move in" on Winchester if she wished to live easy at public expense. Similar letters have come from Washington and vicinity. The police declare they would enforce the vagrancy laws to the letter, and that the derelicts and imposters would

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood

Chasco-Vin puts the system in tone and keeps it so and that is what

he dealt with accordingly. The deserving poor of the city will be looked after as usual during the winter season, but strangers, it was stated, will get little room at the public trough.

Pale, Anemic Girls Need a Blood Tonic

Pepto-Mangan Enriches and Builds up The Blood

Pallor, Headaches and Shortness of Breath Disappear

Pepto-Mangan Sold in Liquid and Tablet Form

Why should any girl or young woman continue to have a pale, sallow complexion and a listless, run-down system devoid of energy and vitality?

Such young folks are continually unhappy and dejected simply because they accept such a condition as their misfortune, and envy their friends who are in the bloom of health and enjoying all the good things of life.

If such young women would realize that their anemic condition is probably due to thin, impoverished blood, which could easily be enriched by Gude's Pepto-Mangan, how much happier and attractive they would be.

Gude's Pepto-Mangan is a safe, beneficial and pleasant tonic for anyone suffering from any ailment caused by poor blood. If taken regularly for a few weeks it will enrich the blood with thousands of the healthy red-blood cells that are needed to carry nourishment to every part of the body. Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

hopes of success. Hundreds of young people have volunteered for vocational service as ministers, missionaries and teachers. The state mission board will report to the general association at Lynchburg November 18. The largest gifts for the support of mission work in Virginia in the history of the board have been made, all obligations have been met and because of cash contributions counted in the campaign there will be reported \$20,000 surplus for the year. Virginia's share in the campaign is \$7,000,000 and every church seems to be determined to go over the top as a result of the raising of \$7,000,000 in Virginia.

More than \$1,500,000 goes to Christian schools and \$1,000,000 will be spent in the development of mission churches and Sunday School work in the state alone.

SAVES CHILD FROM DEATH

Danville R. R. Shopman Rescues Negro Boy From Burning Home
 Danville, Va., Nov. 10.—Luther R. Blair, a railway shopman and leader of the labor element in this city, saved the life of a negro child Friday, when he battered down the door of a burning dwelling within which the child was locked, and dragged the boy out. He was the two-year-old son of James Wilkins and was locked in the house while his mother went on an errand. The house was completed only two weeks ago and was razed to the ground.

PUBLIC SALE

Large House and lot and side lot. By Samuel H. Lunt Auctioneer. By virtue of a decree of the Circuit Court of the City of Alexandria, Virginia, entered on November 7, 1919, in the Chancery cause therein depending of Lydia A. Kraft and others Complainants, against Grace R. C. Donohoe and others Defendants, the undersigned Special Commissioners of Sale were therein ordered to expose for sale, at public auction in front of the Royal Street entrance to the Market House, in the City of Alexandria, decedent Andrew (J. C.) Cheshire's house and lot and vacant lot located on the South side of King Street between Payne and West Streets, numbered 1312 King Street, Alexandria City, Virginia. Therefore in pursuance of said decree the undersigned Special Commissioners of Sale will expose to sale at public auction to the highest bidder for cash said large house and lot and vacant lot, on SATURDAY, November 22, 1919, at 12 M., in front of the Royal Street entrance to the Market House Building, Alexandria, Virginia, being bounded and described as follows, to wit:

Beginning at a point on the South side of King Street 79 feet 7 inches west of Payne Street and running thence west on King Street 71 feet more or less; thence South parallel with Payne Street 100 feet to an alley 12 feet wide; thence east parallel with King Street 71 feet more or less; and thence North parallel with Payne Street 100 feet to the beginning, and being the same real estate conveyed to said Andrew (J. C.) Cheshire by Owen J. Nugent and wife by deed dated May 18, 1903, and recorded in liber 50 page 189.

TERMS CASH: Conveyancing and stamps to be at cost of purchaser. Frederick P. Russell, Robinson Moncre, Special Commissioners of Sale. In the Clerk's Office of the Circuit Court of Alexandria City, Virginia, November 6, 1919.

I, Nevell S. Greenaway, Clerk of aforesaid Court do certify that Robinson Moncre, one of the above said Special Commissioners of Sale, has duly given bond as provided by law and decree entered in above named cause with sufficient surety, for the due performance of his duties as such.

Nevell S. Greenaway, Clerk. 266-

IN THE CIRCUIT COURT OF THE CITY OF ALEXANDRIA, VA.

Robert K. Mickey, vs. General Shipbuilding Company, Inc., In Chancery. To Robert K. Mickey, the General Shipbuilding Company, Incorporated, and to all creditors of the General Shipbuilding Company, Incorporated, and to all persons interested in the issues in said cause—

TAKE NOTICE—That pursuant to a decree entered in the above entitled cause on the 8th day of November, 1919, wherein I am directed to convene all creditors, ascertain all claims, and take account of all liens against the property of the General Shipbuilding Company, Incorporated, a corporation chartered under the laws of the State of Delaware, and doing business in the City of Alexandria, State of Virginia; and further directed to consider the offer made by Baugh & Sons Company, of Baltimore, Maryland, to purchase a portion of the real estate of said company at the sum of Twenty-Five Thousand Dollars (\$25,000.00) to report thereon; and to report any other matter brought to my attention by any party or creditor to said suit; I will, at my office, 109 North Fairfax Street, Alexandria, Virginia, on Tuesday, the 2nd day of December, 1919, at ten o'clock A. M. proceed to execute and carry out the direction of said decree, at which time and place you and each of you are required to attend and prove your claim.

You are further notified that at said time and place an offer to purchase a portion of the real estate of said General Shipbuilding Company, Incorporated, will be considered in order that a recommendation with respect to the same may be made in the undersigned Commissioner's report. Notice is given you pursuant to the provision of Section 3321 of the Code of Virginia which provides that such notice shall be equivalent to personal service thereof upon you.

Given under my hand this 8th day of November, 1919.

Commissioner in Chancery for the Circuit Court of the City of Alexandria, Virginia. 267-19c

U. S. CONSUL KILLS SELF

Cary R. Miller Dies by Own Hand at Waldorf-Astoria

New York, Nov. 10.—Cary R. Miller, American Vice Consul to Stockholm, shot and killed himself in his suite in the Waldorf-Astoria here late yesterday.

The body, with a bullet hole through the right temple was found last night by Mrs. Miller on her return from church. By the side lay a revolver. The police said last night they were unable to find any motive for Mr. Miller's act. Among his papers was found a passport indicating that he had planned to sail soon for Sweden.

The medical examiner later found in Mr. Miller's clothing two notes which indicated the financial difficulties had furnished the motive for his suicide. Mr. Miller was connected with an exporting firm in Stockholm.

FIRST RESERVATION

Washington, Nov. 10.—By adopting the first reservation to the peace treaty proposed by the foreign relations committee, the senate Saturday gave into the hands of congress alone the power to give notice when the United States is ready to withdraw from the league of nations, if it should come to pass that the United States becomes a member.

The president will have nothing whatever to do with passing upon the question as to whether the United States should get out of the league or stay in. The senate and house, representing only the people, can determine the question and give the word which will take the United States out.

ARGUMENT ENDS IN DEATH

Macon, Ga., Nov. 10.—With his jugular vein severed, Beverly C. Brooks, member of a prominent Georgia family, lived only a few minutes after being struck down here Saturday night. Sheriff's deputies arrested O. C. Hilley, proprietor of a grocery store and contractor, on a charge of murder.

He is alleged to have thrust a knife into Brooks' throat. According to the sheriff's deputies, an argument over a 12 cent purchase of Irish potatoes caused the killing.

NOTICE TO TAXPAYERS. The State tax bills for the year 1919 are now due and payable at the treasurer's office, room 2, City Hall, and tax payers are urged to make a settlement of the same promptly and avoid payment of the 5 per cent penalty.

Voters are also reminded that the 1919 capitation taxes must be paid on or before December 9th, 1919, to qualify them for participation in the general election to be held June 8th, 1920.

TRIES MAN VIA 'PHONE

Justice Hears Evidence and Gives Sentence Over Copper Wires. Justice John Crutchfield established another precedent for the bar when he tried, convicted and fined Frank Bryan, a paperworker of New York City, over the telephone. Saturday night about 10 o'clock.

The justice stood in the hallway of his home (in his nightie, it is whispered) while his prisoner stood dejectedly in the dock at the Second Police Station more than a mile distant.

But it was a case of necessity. It happened in this way.

tion of the real estate of said company at the sum of Twenty-Five Thousand Dollars (\$25,000.00) to report thereon; and to report any other matter brought to my attention by any party or creditor to said suit; I will, at my office, 109 North Fairfax Street, Alexandria, Virginia, on Tuesday, the 2nd day of December, 1919, at ten o'clock A. Bryan was wending his merry way from the Sunny South to the home of his birth. It is said that he sipped frequently of a beverage which was not ginger ale nor yet a brand bottled in Peoria.

At the Broad Street Station his joyous spirit drew the attention of a bluecoat, and the merryman was wafted away from the train in the

new and shiny patrol wagon. In his pocket there reposed a Pullman reservation ship and a ticket to his home. His sad fate, the ticket, the Pullman reservation, which would be lost if Bryan reposed in duressville, touched the kind heart of Patrolman Hord. He meditated. Bryan was not "under" the influence of liquor, no matter what was supposed to be stowed beneath his belt. So Patrolman Hord re-

sorted to the telephone and called his friend, the incomparable Justice John. They conversed. An agreement was reached. "Does he plead guilty," howled the justice. "He does, your honor," meekly responded the policeman. "Guilty, \$10 and costs," was the verdict of the incomparable one. "Let him catch his train."

Use Powdered Soap In Your Washing Machine

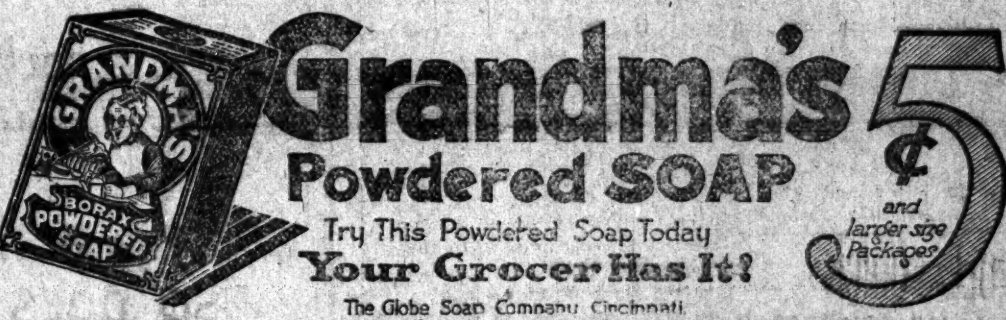

"When Grandma Comes the Dirt Must Fly."

Buy a package of Grandma's Powdered Soap from your grocer today. Such tremendous white cleansing suds! You'll say you never saw their equal. After the first time you'll use powdered soap always.

Bar soap and washing powder are unnecessary when you use Grandma's Powdered Soap—the finest bar soap made into a powder. It takes the place of both bar soap and washing powder. A tablespoonful to a pail of water is all that is necessary. The clothes come out so clean—so white—so sweet.

Try this new way of washing now. No waste. It goes further. Cheaper to use.

PROPHET HAS FORECAST

Plenty of Jazz in 1920, According to Prediction

York, Pa., Nov. 10.—Lee Spangler, the prophet of this city, has sent out one of his prophecies predicting events for the year 1920.

He says: "The coming year will be a year of trouble. There will be distress of nations—the sea will roar and labor will burn down capital. All labor organizations will come under one head—as I foretold 20 years ago. Labor will be the greatest power on earth. There will be an international labor organization. American labor will not fight European labor. Capital can not buy labor to fight for them. Capital will be left without arms."

"There will be no League of Nations, but there will be a league of nations. Democrats and Republicans will be no more. The vote and office buyers will be driven out of the capital. The grafters of the government who accounted money from other nations to fight for them and put our sons beneath the cold sod will have death in their families during the year 1920."

"The sugar devil that stored up sugar for gain and prevented our widows and children from getting something to eat—judgment awaits them. The sugar trouble will be a great help to organize labor."

"Labor will control oil spigots. Coal oil will sell for 10 cents a gallon; gasoline for 12 cents a gallon and coal will be reduced to \$5 a ton."

Spangler alleges that all of his prophecies have come true, and that he has been keeping a record of them since he started out to prophesy.

THEATRES

GRAND THEATRE

Supported by a highly efficient company of players, Dorothy Dalton, the beautiful Thomas H. Ince star in Paramount pictures, will be seen in her newest vehicle, "The Mating of Marcella," at the Grand Theatre tonight. This is an absorbing story of a pretty modiste's model, who becomes involved in the plot of a frivolous society woman for divorce and alimony, and who,

by a queer twist of fate, marries the intended victim of this plot. The scenes carry one from New York to Nevada, and all of them are highly artistic. Also last chapter "Perils of Thunder Mountain."

MARTIN HAS RELAPSE

His Condition Reported to be Serious
Charlottesville, Va., Nov. 10.—The condition of Senator Martin, of Virginia, Democratic leader in the Senate, who has been ill in a hospital here for several months, was declared by his physician yesterday as very serious.

Senator Martin, the physician said, last night had the worst night since his illness began.

Loyal Order of MOOSE

The Progressive Order of the Century

Only 52 more days remain before the special membership campaign closes. Hundreds in Alexandria are becoming interested in the Moose. They realize that now is the opportune time to become associated with this great Fraternity during these days of National unrest. They feel that they need the protecting arm of this gigantic organization. Its social and fraternal features gladden your hearts when you are well. If you are sick or have an accident it pays you \$9.00 per week and at death \$100 and more than that, if you should die your wife and children have the privilege of Mooseheart where 27 different trades are taught and where the mother can be with her children during their training.

Mooseheart contains a tract of land of over 1,000 acres with upwards of 100 buildings, girls and boys dormitories, machine shops and carpenter shops and numerous other buildings. It contains the largest dairy barn in the State of Illinois. It raises all its own produce and is self sustaining.

Join the Moose now while the charter fee is \$6.00. After December 30th the fee will be \$20.00. The dues are \$11.00 per year paid quarterly which entitles you to all the benefits stated above including Mooseheart.

Initiations take place every Monday night over Alexandria National Bank. We now have 200 members on our roll and the campaign started only one month ago. For further information see Bert O'Brien, District Deputy Supervisor 216 King Street.
